PIONEERS

We owe a great deal to our forefathers, who were the Pioneers of this land. It was their courage, prudence and toil that laid the foundation for our present homes.

It is good for us to compare the life of to-day with that of our great-grandparents' day. Our paved roads are such a contrast to the "blazed" path through the wilderness.

It was on such an Indian Trail that David Thomson, with his wife, Mary and their four little children, wended their way in 1796 to Scarborough Township.

After cutting the trees and clearing the land, a log Cabin was erected, with a large fireplace in it.

As the years passed, even with all their hardships, seven more children were born to them, now making a family of eleven children. A cow was kept, and corn grown, so their main food was milk and cornmeal mush.

Mary, wife of David Thomson, was the first white woman to settle in this township, and for seven months did not see another white woman. The Indian women became very friendly as they seemed to understand her loneliness, as David was working in Muddy York and would be away all week.

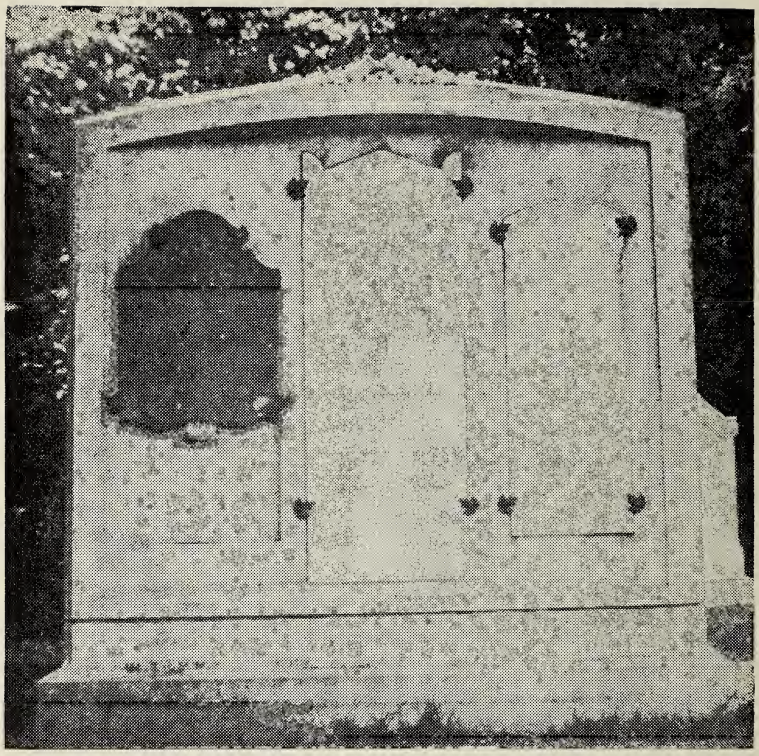
A few years later Mary was known to all as the "Mother of Scarborough."

David Thomson, his wife, Mary Glendenning and their four eldest children were born in Westerkirk, Dumfries, Scotland.

David was a staunch Presbyterian, a Free Mason, a Conservative, and a stone mason by trade.

He took up crown land, and later donated land for a church yard, where a frame church was built in 1831, known as the Church of Scotland, which was later replaced by a brick Presbyterian Church on another site, in the church-yard of which the Thomsons were buried. It is known now as St. Andrew's Cemetery.

A Monument has been erected in this cemetery to their memory with the original headstones embedded in concrete, of David, his wife, Mary and their daughter, Helen.



1796 — 1921

To their honor who redeemed this Township from the wilderness.

Erected to the memory of David Thomson and wife Mary Glendenning by the descendants of David, Andrew, Archibald Thomson and Walter Glendenning, the Pioneer Settlers of Scarborough.

May the memory of their immortal courage inspire us in the difficult paths of life.

SCARBOROUGH MEMORIAL

ST. ANDREW'S CHURCH.

St. Andrew's Presbyterian congregation established in 1818 built a frame church in 1831 in the grounds which lie behind this monument. Within these church grounds are buried many of the pioneer families of Scarborough.

INDIAN TRAIL, on left side.

West of this point passed an Indian Trail leading to prehistoric Indian villages of which traces have been found. This was the Trail by which David Thomson, the first white settler in Scarborough, came to the site upon which he built his home in 1796.

THE THOMSON SETTLEMENT, right side.

The Thomson Settlement, the first in Scarborough, consisting of early mills and homesteads centered around this point. The library, fostered by the Thomsons and used by the Mechanics Institute from 1878 was housed in its present building in 1896.

COPY OF WILL

In the name of God, Amen, I, Mary Thomson, widow of the late David Thomson, Senior, of the Township of Scarborough in the Home district and Province of Canada, being mindful of the uncertainty of human life and in full possession of all my faculties do on Wednesday, the twenty-fourth day of July, in the year of our Lord, Eighteen Hundred and Forty-Four, make, publish and declare this my last Will and Testament in manner following —

HELEN THOMSON, 11TH. CHILD OF DAVID AND MARY THOMSON.

2. Helen Thomson. Aug. 5, 1809 — July 22, 1844.
u.m.

For many years it has been my fondest dream to compile a book of the David Thomson Descendants, and as the saying goes "nothing ventured, nothing gained."

The descendants are scattered all over the North American Continent, and it has been impossible to contact every one, so this list is far from complete, and there may even be errors in the names and dates.

Even though I have done all the writing, typing and talking, much of the credit goes to my husband Hughbert MacPherson, who has willingly driven several hundred miles, and sat patiently in the car for hours at a time, while I interviewed the people for names and dates.

Many, many hours have been spent on this project, but every minute has been a pleasure, and so all good things must come to an end.
